

# This Too Will Pass

Kenny Loggins

You signed the papers  
Now you're a free man  
You'd give yourself a party  
If you gave a damn  
You stood your ground on shifting sand  
And it all adds up to what  
Well life goes on brother  
Like it or not  
And it hurts like hell  
When the pain won't stop  
This too shall pass

You got a ton of advice  
You can take it or leave it  
You say you're getting' better  
But you don't believe it  
You spend your days  
Just prayin' and breathin'  
But night's another thing  
You're standi' on the corner  
Watchin' street lights change  
You wish to God you could do the same  
This too shall pass

You tell yourself  
This can't be real  
Be strong, be tough  
And you won't feel it  
Tell your story  
Till you can't tell it no more

You haven't a clue  
Which way you're gonna land  
But the good news is

It's outta your hands  
'N pretty soon now  
You're gonna understand  
Cause love just kicked your ass  
This too shall pass

Got your worries and your fears  
And the rain come a pourin'  
Troubles got you down  
On your knees at last

Don't you worry 'bout the tears  
They'll be gone by the morning  
Everything will eventually pass

Oh I believe you'll find  
Like everything in time  
This too shall pass

It's the dark of the night  
It's the birth of the king  
It's the end of an era

The dawn of a dream

Rivers don't run  
Without any rain  
Babies ain't born without no pain  
There ain't no loss  
Without some gain  
This too shall pass
