Jugg just went through, nigga, tap in  
Twenty racks in, pretty black skin  
Getting more centerfold interactions  
Spending backends, bending backs in  
Hittin' goals niggas don't is a habit  
Even when it's no envelopes, niggas had licks  
Then it go digital when the cash hit  
Fuckin' this bitch in Summer Hill  
Shawty said, "Let my tummy heal"  
Askin' her, "Can I come and chill?"

Give a fuck how the fuck nigga feel about it, to be real about it  
The battle 'bout to be bloody if buddy rowdy  
I'm really a puppy out of the cage  
All of my rage, might hit shit out of my range  
Have a good day, throw bitch fits like a bouquet  
And niggas may get the shit slapped out of they face  
How 'bout a fade? I'm a misfit  
Ran out of space, only your miss fit (Huh)  
Only a Pitt fit (Huh)  
Only on rich shit

Snappin' on the track, it's like I'm born with a bitch fit  
I put you under pocket like I'm on The Apprentice  
Goin' hard like a pornstar sendin' a dick pic', please  
Go nuts, tell your girl, "Get deez" (Deez what?)  
Deez, Denzel, no need for details, I'm just a young male  
Who takin' dumb Ls, proceed to prevail  
I went through mad hell, the boy cannot fail  
You a savage 'til you die at twenty-one  
Knew a lot of niggas that put crackers on the run  
Murder in Miami so we pourin' out the rum  
Some never seen their son, some never seen the sun

Fox News said my people are dangerous  
Killed my kind but still can't hang with us  
Wild, wild west but without a hangman  
Stay on the block, goin' stupid like Rain Man
