

Breathe Again

Kenny Mason

Floaties
Lifting my arms up to hold me
Free from chaos
Chaos, it can't harm us
Flee to safe water
It's calming
It's calming
Free to take water, when warned

Breathe again
Breathe again
Breathe again
Breathe again
I won't escape, I know
I won't escape, I know
I won't escape, I know
I won't escape, I know
I won't escape, I know
I won't escape, I know
I won't escape, I know
I won't escape, I know

Sleep with demons beat the water boilers
Beepin' doors get beat them boys been eatin'
Eat, record, and sleep, we formed a sequence
Secret orders meet to form allegiance, towards a defense, boy y
ou
Tweak with us, it's up like sleep disorders
Meet the pup and meet defeat, be cordial
Beat my feet through war zones like it's normal
Speak my grief 'til yours is eased, was born to
Speak my grief until I reach immortal
Peaks and leap for more, want even more though
Even scores up, legions leaning towards us
Streets rejoice, won't leave 'till we ensure the
Peace restored where demons feed us poison
Reap rewards from leading wars, I'm seeking
Deeper waters, find myself beneath 'em
Deeper waters, find myself beneath 'em

Breathe again
Breathe again
Breathe again
Breathe again
