Kenny Mason

Yuh, aye

Never feared a nigga dat bleed like me  
Or wondered if he liked me  
I'm glad I don't think like ya  
I'm thinking bout how  
All dese niggas trash and recycled but brag  
I see da difference when I stand beside ya  
Seem like, I'm straight da mud I ain't eat like ya  
Cutting my sleep cycle cause niggas was sleep  
But I ain't mad, jus don't bring yo scary ass on my street with  
all dat cap  
Cause you fuck around and get you ass beat, den imma laugh  
Niggas only street in dey tweets  
I feel a draft bruh I had to hit day ass with dat heat  
I grew up bad, had to last with out my dad fa sum weeks  
When he got stabbed. Had to scrub all da blood out da sink befo  
re it scabbed  
I don't mind being a bad guy, if it come with a bad bitch den d  
ats fine  
I mean dis shit can only come from my heart  
But dat don't mean a nigga not finna charge  
Dey got me fucked up  
Call a nigga pup cause it was ruff where I lived  
You niggas more pussy den doves in da wind  
Dey don't care how much you know til den know how much you care  
So dey think I'm dumb cause I don't give a fuck how dey feel

RIP my angels all my idols got halos  
Da side I came on is da side imma stay on  
If I'm caged in with a lion dats who y'all need to pray for

Big puppy "Dogfather" finna cross out da Fredos'  
Been recording 9 hours where in da fuck did my day go?  
Riding round to dat "They Know" watching all of my OG's  
Tryna find out what day kno, to acquire dinero

Having thought about hurting you
