

# MAMA DON'T KNOW

Kenny Mason

Don't let da smoke out da whip  
I wanna be close to da spirits  
Spit fa I choke, lightning bolts I can feel it

All my patna sell dope  
Hope my mama don't kno

Hope my mama don't kno  
Hope my mama don't kno  
Truth be told I'm terrified  
Hope my patna don't kno

12 been crackin on everybody  
Hope my patna don't go  
12 been questioning everybody  
Hope my mama don't know

Put my glock in my lil bro name  
Put my heart in my hood domain  
Quit my my takin and stood on game  
All my pockets on full like baby  
All my rockets on full mcgrady  
It's a slim chance I slip like shady  
Slit my wrist my fa switch on gang  
Split my shit with da clique if dey break

I thinkin bout money everyday  
Let my energy marinate  
Put my bruddas every way

Particles floatin thru air waves  
Parties end up gettin aired daily  
Part of me living in terror daily  
Money gone take my fear away

Don't let da smoke out da whip  
I wanna be close to spirits  
Spit fa I choke, lightning bolts I can feel it

All my patna sell dope  
Hope my mama don't kno

Hope my mama don't kno  
Hope my mama don't kno  
Truth be told I'm terrified  
Hope my patna don't kno
