

# Pretty Thoughts

Kenny Mason

Pretty Thoughts to keep me going  
Pretty Glocks the street exploded  
Pretty dogs with wings to float with  
Pretty Thoughts  
To keep, keep, keep  
Oh to keep keep keep oh  
To keep, keep, keep  
Oh to keep keep keep...

Don't keep the ball from me I want it  
It's exhausting reaching for it  
Wings apart  
These the thoughts that keep me goin'  
They keep, keep, keep  
Oh they keep keep keep oh  
They keep, keep, keep  
Oh they keep keep keep...

Ridin' with some niggas I would die for  
Yeah yeah  
How many would you stay alive for?  
Yeah yeah  
Life can't kill me, I'm alive  
Oh yeah yeah  
Woah woah woah woah

Follow me now  
Come and see now  
Never be alone  
They know me now  
In the streets  
I'll never be alone  
If I leave you now  
If I bleed it out  
I won't bleed alone  
Follow me now  
In the streets now  
Never be alone

Almighty nigga  
All lightning, it was dogs flying in this bitch  
I heard the shots firing, but my heart giant  
I'ma Rottweiler with some twists  
They finna lock ridin' with a Glock nine  
And it not mine but it fits  
Right in my drawers fine, and if ya'll try it  
Imma start firing just to live...  
I came from hard times like equations  
I had to starve tryna' get a meal  
I had a hard time entertaining these niggas y'all lives ain't for real  
It's enough doves crying for a lake  
Feel like it's a flock flying in the field  
I knew wasn't nobody finna save me  
I had to start flying up the hill  
I had a thought...

To keep, keep, keep

Oh to keep keep keep oh  
To keep, keep, keep  
Oh to keep keep keep...  
Ridin' with some niggas I would die for  
Yeah yeah  
How many would you stay alive for?  
Yeah yeah  
Life can't kill me, I'm alive  
Oh yeah yeah  
Woah woah woah woah

Follow me now  
Come and see now  
Never be alone  
They know me now  
It's streets  
I'll never be alone  
If I leave you now  
If I bleed it out  
I won't bleed alone  
Follow me now  
In the streets now  
Never be alone
