

Real Heart

Kenny Mason

Yuh!

I pray this project get my momma out the projects (Free, free!)
I'm not a prophet, just a puppy that can rap (Rap)
My lyrics answer every question that you have (On God)
My spirit had you puttin' that pussy in my lap
I won't push until you tap
That was gratitude
And I went harder when I knew you had an attitude
I can't be sorry for doing shit that I had to do
I turn the show up every week
I gotta show 'em I ain't week
If they don't show up, I don't eat
I'm on money time
Even though you told me a hundred times, all you want is time
I can't help but think it's false, I got a bunch of pride
I put a shell around my heart to keep the love inside
Heavy breathing, I'm just tryna keep the blood inside
Take off like I'm Neutron, I came in too [?]
These niggas don't know what I've been through, I'm
Gon' burn right through 'em
And I meant it when I said it
I can never be the nigga that you marry
But I know you won't forget me (Juug)

And I know you wanna flex, and I know you wanna flex
Wanna stunt on me
Put your heart into a check, put your heart into a check
Put your heart into your check, run it up
And I know you wanna flex, and I know you wanna flex
Wanna stunt on me
Well, it's harder to connect
Put your heart into a check

Put your arms on my shoulders like an AK
You don't want me to go, then tell me stay late
Got a text from my woman, it's a mayday (Free)
Gotta ride with my soldiers, never think straight
All that love just walking P street
That they out here to juug, and we got three Gs
How you gon' say you love me, 'fore you leave me?
Finally open me up, then leave me leaking
I gave me blood, sweat, and tears, bitch I'm dedicated
I saw my mom shedding tears, it was devastating
I got a slum set of friends that I bonded with
Bum flipping, gun to the undies, no hesitating
I guess you saw some shit in me that I ain't never see
But I can't let your opinion affect my self-esteem
I know you want a reaction, 'cause you think jealousy
Is evidence of me carin', but envy not in my character
Can't nobody compare to this, that's a (Juug)

And I know you wanna flex, and I know you wanna flex
Wanna stunt on me
Put your heart into a check, put your heart into a check
Put your heart into your check, run it up
And I know you wanna flex, and I know you wanna flex
Wanna stunt on me

Well, it's harder to connect, I put my heart into a check
Put my heart into a check
