

## SIDE II SIDE

Kenny Mason

I've been swinging whips  
Side to side  
I've been taking trips  
Side to side  
They've been spraying clips  
Side to side  
Should I stay or dip?  
I cannot decide  
Can you know the game?  
How you know yourself?  
Did you hold your weight?  
Was you overwhelmed?  
Did you have to change into someone else?  
I know, bitch, I know  
Bitch, I know  
Bitch, I know how, how it go  
Bitch, I know  
Bitch, I know

I won't go If you won't go  
I'm too geeked up to go home  
Can we link up if you close?  
If we close if we folks  
I don't need any powers  
'Cept for money powers  
Sticking out my my arms  
Spreading money down  
Went a hundred months  
Carryin' the underground  
Carrying hundred rounds  
Bury it under smiles  
Hit that lick  
Made my momma smile  
Hit that itch  
Made me hunt another down  
Know my brother down  
Know my woadie down  
I gotta turn it up  
'Cause I rode it down  
Put that .40 down  
My boy recordin' now  
We get sorted out  
We could shoot it out  
Or ignore it out  
I got choices now  
If I'm not around its cause-

I've been swinging whips  
Side to side  
I've been taking trips  
Side to side  
They've been spraying clips  
Side to side  
Should I stay or dip?  
I cannot decide  
Can you know the game?  
How you know yourself?

Did you hold your weight?  
Was you overwhelmed?  
Did you have to change into someone else?  
I know, bitch, I know  
Bitch, I know  
Bitch, I know how, how it go  
Bitch, I know  
Bitch, I know

Yeah  
What's your name?  
Kenny Mason  
Can I get one?  
I'd like a photo if that's okay  
I think even with that though, its just like you have to be a fan of shit  
That really what it is like if you a fan of something it's like you a-
