I'm in the whip with some dopeheads
Money in both hands
Tell a fuck nigga to get with the program
And stay off a hoe 'gram
Why you so tentative when the agenda so tentative
[?] shit gon' smash
Ride with some niggas that won't fold
Ride with a pistol that won't jam
Run up o-, run up on niggas with no mask
Give a fuck if he unvaxxed
Put on my partners with ways to get more cash
Without usin' no strap
Pray my lil' partner come home with his soul back
So he won't have to go back
They ridin' with niggas that don't fold
Ride with a pistol that don't jam
(Watch that-watch that hoe get naked)

O-okay, what's happenin' dawg?
I see you been stackin', dawg
From Cali to MIA
You missin' that action, dawg (Watch that-watch that hoe get naked)
I see you back in the A
I was holdin' the family down
Been waitin' to graduate
But niggas just kept me down
So I organize my bullets
Prioritize my hood
Antagonize my bully despite the fact how alike we look (Watch that-
watch that hoe get naked)
I'm stuck on Simpson Road
I'm fuckin' lil' Simpson hoes
It made my vision cloudy
So I'm singing the Simpsons song (Watch that-watch that hoe get naked)
Hidin' that .223 in my jacket
They want action
Either it's you or me
All the plaques you get from rappin' is really true for me

All I see is red and all you see is blue and green
But I'd do the same if you was me, so (Watch that-watch that hoe get naked)

Stack it up, make it spread
Watch that hoe get naked
Stack-stack it up, make it spread
Watch that hoe get-, watch that hoe get-
Stack it up, make it spread
Watch that hoe get naked
Watch that- watch that hoe get naked
Watch that- watch that hoe get- (Patta)

Stackin' this money up to the roof-ah
Project don't smoke hookah
You need to get off them pills
I'ma stay on this moolah
This ice got me cool-ah
Drippin' like a pool-ah
"Project, man, you raised my hood"
Call me ghetto rulah
But I was a fool-ah
Robbery with the tool-ah, mane
Prosecutor tried to give me thirty, my man's on the stand
Streets'll trick you off the streets
In a cell, there ain't no peace
.223's'll hit you up and knock you straight up out yo' cleats
Thought he was a beast but the streets full of monsters
Hollow tips and clips slice you up like Benihana
He was screamin', "Momma," right before he took his last
Police already beat that thing
Pulled his gun and took his blast
Shouldn't have took his cash
You gon' pay what you owe
Just like seed time and harvest
Reap what you sow
Live by the gun, so you gon' die by the bullet
Finger on the trigger, life was threatened (Pah)
He had to pull it

Stack it up, make it spread
Watch that hoe get naked
Stack-stack it up, make it spread
Watch that hoe get- watch that hoe get-
Stack it up, make it spread
Watch that hoe get naked
Watch that- watch that hoe get naked
Watch that- watch that hoe get naked
