

## Blue Train

Kenny Rogers

Well, I looked for my baby 'bout the break of day  
I said, I looked for my baby 'bout the break of day  
But a blue train took my baby away  
Now the rail is rusted and the road is long  
I said, the rail is rusted and the road is long  
And that blue train won't bring my baby home.

I hear that whistle moaning  
Steel whinnying on the track  
But that blue train won't bring my baby back

I'm going down to the station  
Down that road I'm going

Gonna catch that blue train  
Bring my baby home  
Gonna catch that blue train  
Gonna bring my baby back ...
