

I've Got A Lot To Learn

Kenny Rogers

I never knew a kiss could fill me so
Guess up 'til now my life's been mighty slow
She woke me up and baby now I know
I've got a lot learn

I never knew two hearts could squeeze so tight
That's someone's nearness could bring such delight
That's why I'm squeezing you with all my might
'Cause I've got a lot to learn

Lover, lover, you are so sweet
And this is so divine
Lover, lover, make it complete
Tell me you're mine oh mine

Give me that feeling I feel when we kiss
Help me to make up for the time I've missed
We get along baby I insist
'Cause I've got a lot to learn

Lover, lover, you are so sweet
And this is so divine
Lover, lover, make it complete
Tell me you're mine oh mine

Give me that feeling I feel when we kiss
Help me to make up for the time I've missed
We get along baby I insist
'Cause I've got a lot to learn
Yes, I've got a lot to learn
Yes, I've got a lot to learn
