

# The Rock of Your Love

Kenny Rogers

1. I lose myself in this place  
Strangest smile on my face  
The Hand of blessing or beginner's luck  
Here I stand on the rock of Your love
2. Somethin' steady sure feels good  
I always knew somehow it would  
I've traded chains for the wings of a dove  
Standin' on the rock of Your love
- R: Let the storm clouds roll  
Let the rain flood my soul  
I'll still be here when the troubles come  
And I'll be standin' on the rock of Your love
3. If this ole world should fade away  
If I got You, I'm not afraid  
And I will face whatever comes  
Cause I'll be standin' on the rock of Your love
- R:
4. And I'll still be here when the troubles come  
Here I stand on the rock of Your love  
Lord I'll be standin'
