

# Baby Got Gone

Kenny Wayne Shepherd

Restless angel with a  
Rambling mind  
Set on finding the next  
Exit sign  
Ain't no chains gonna  
Tie her down  
Sell my soul dirt cheap  
To keep her around

But there's something she's chasing  
Ain't gonna change it  
That's how it's always been  
No use in trying  
That girl is flying  
Riding on a gypsy wind  
Baby got gone again

Midnight lonesome  
All in my head  
Her sweet memories  
Keep creeping in my bed  
Hanging out there hanging on  
Staring at that telephone  
Wishing she'd be coming home  
But I know she won't

But there's something she's chasing  
Ain't gonna change it  
That's how it's always been  
No use in trying  
That girl is flying  
Riding on a gypsy wind  
Baby got gone  
Baby got gone  
Baby got gone again

Something she's chasing  
Ain't gonna change it  
That's how it's always been  
No use in trying  
That girl is flying  
Riding on a gypsy wind

Something she's chasing  
Ain't gonna change it  
That's how it's always been  
No use in trying  
That girl is flying  
Riding on a gypsy wind

Baby got gone  
Baby got gone  
Baby got gone again

Baby got gone again

Baby got gone

Baby got gone again

Baby got gone again
