

Bad Intentions

Kenny Wayne Shepherd

I'm a good ol' boy far as bad boys go
But when it comes to you I got no control
They say I'm from the wrong side of the tracks
You're daddy won't like it
I don't care about that

I got bad
Bad intentions

I may take your curves just a little too fast
I ain't never been the kind to take my foot off the gas
Well I'm the kind of guy your mama warned you about
I'm gonna shoot you straight I tell you right now

I got bad
Bad intentions

We'll keep it low down so nobody knows
Because you got a reputation that you gotta uphold
We can park in the woods and kill the headlights
Or I can sneak out the back door middle of the night

I got bad
Bad intentions
I got bad
Bad intentions

Intentions
Bad
So bad
