

# Gravity

Kenny Wayne Shepherd

Jump in  
The water's fine  
Five words  
Can change a life

See you clear when my eyes are closed  
High dive deep way down below  
Don't stop, don't think, just go-oooh

And I'll be the river  
You be the rain  
You be the rumble  
I'll be the train  
I'll be the sound  
You be the sight  
You be the clock strike  
I'll be the midnight

I said oh-whoa-oooh  
Fall into me  
I said I know-whoa-oooh  
It's only gravity

Cold steel  
In the dark  
Names carved  
In a crooked heart

Hold steady, get the letters right  
Wind moving shadows  
Hear a night bird cry  
So much I'll never know-oooh

And I'll be the moth  
You be the flame  
You be the lock  
I'll be the chain  
I'll be the dice  
You be the roll  
You be the savior  
I'll be the soul

I said oh-whoa-oooh  
Fall into me  
I said I know-whoa-oooh  
It's only gravity

And I was the river  
You were the rain  
You were the rumble  
I was the train  
I was the sound  
You were the sight  
You were the clock strike  
I was the midnight

Oh-whoa-oooh

Fall into me  
Oh-whoa-ooh  
It's only gravity  
Oh-whoa-ooh  
Fall into me  
Oh-whoa-ooh  
It's only gravity
