

Potato Patch

Kenny Wayne Shepherd

Don't you let nobody, baby, be diggin' in my potato patch, oh,
while I'm gone!

I said, don't you let nobody, but nobody, woman, be diggin' in
my potato patch while I'm gone!

And all the watermelons out there in that field, I want every d
amn one of 'em to be there when I get back home

And don't you let nobody, baby, be pullin' peaches from my tree
!

I said, don't you let nobody, woman, pull no peaches from my tr
ee!

If they want anything, you tell 'em I'm the boss, ha-ha-ha, a-
and they damn sure gonna have to see me

And don't you let nobody, baby, be sleepin' in my bed!

I said, don't you let nobody, woman, be sleepin' in my bed!

You know, I might just kick down the door with my double-
barrel, and, girl, you know, I just might be outta my head
And shoot somebody

Hey, hey, hey, hey!
