We All Alright

Kenny Wayne Shepherd

We ain't rolling in the money
Ain't got no drop top Cadillac
We living way out in the country
But we keep this train on track
And we all alright, yeah

Got two dimes in my pocket
Got an old groove in my soul
You gotta use it if you got it
And that's just how we roll
And we all alright, yeah

Ain't nobody need nobody
Stirring up a fight
Everybody needs somebody
Turning on the light

Yeah we all alright
Yeah we all alright
Yeah we all alright
Yeah we all alright
Yeah we all alright

Well I hear my brother screaming
He didn't ask for no advice
Well I'm searching for some meaning
Sometimes they gotta just roll the dice
Then we're all alright, yeah

Ain't nobody need nobody
Stirring up a fight
Everybody needs somebody
Turning on the light

Yeah we all alright
Yeah we all alright
Yeah we all alright
Yeah we all alright
Yeah we all alright

Ain't nobody need nobody
Stirring up a fight
Everybody needs somebody
Turning on the light
Yeah we all alright

Ain't nobody need nobody
Stirring up a fight
Yeah we all alright
Everybody needs somebody
Turning on the light

Yeah we all alright
Yeah we all alright, alright, alright
Yeah we all alright
Yeah we all alright, alright, alright
Yeah we all alright

Yeah we all alright
Yeah we all alright
Yeah we all alright
Yeah we all alright
Yeah we all alright
Yeah we all alright
Yeah we all alright, alright, alright
Alright, alright
