

## Young Ways

Kenny Wayne Shepherd

Well, I may be getting old  
But I got young-fashioned ways  
Well, I may be getting old  
But I still got young-fashioned ways  
Young, big-legged women  
Keep a smile on my face

If my heart turning gray  
I know you think the way I feel  
If my heart turning gray  
I know you think the way I feel  
There may be snow up on the mountain  
But it's fire down under the hill

I may be getting old  
But I still like to have fun  
You know I may begin old  
But I still like to have fun  
I may not walk as fast as I used to  
But I can still get the job done

Well, I may be getting old  
But I still got eyes that see  
Well, I may be getting old  
But I still got eyes that see  
You got something down there, little girl  
Whoa, worrying the hell out of me
