

Hello sir, you left your door unlocked  
Is it satirical that I felt so welcomed?  
I'm in a bad shape, feeling like square one  
Would you clean me up? Would you clean me up?  
You really got guts, but I've got way more guns  
You're lucky I'm bored and my wife was a whore  
See, I've got great rooms, and they're looking for you  
But if the cops find out, I'm not risking my house

Well, I'm not risking my house  
Yeah, and I'm not risking my-

Funeral, sleeping well, peace is impossible  
Every dream, I am searching for you  
Funeral, sleeping well, peace is impossible  
Every dream, I am searching for you

Where's the blood from? And please tell the truth  
Kinda remind me of myself when I went to school  
Now I'm a no one, but they all used to call me cool  
Do you think that it's true? Do you think I'm a fool? (Now)  
It's hard to recall, I was running so fast  
You just focused only on their laughter or not busting my ass  
And now you're far from a fool, and thanks for lettin' me in  
Wait, do you see those red lights? Thank you, have a good night

Well, I'm not risking my house  
Yeah, and I'm not risking my house

All I really cared about was oxygen and making friends  
All I really cared about was oxygen and making friends  
All I really ever wanted was for you to let me in  
Thank you for letting me in  
(Ooh-woo-ooh)  
(Ooh-woo-ooh)

Funeral, sleeping well, peace is impossible  
Every dream, I am searching for you  
Funeral, sleeping well, peace is impossible  
Every dream, I am searching for you

(Searching for you)
