

## Sickness

KennyHoopla

This is  
A sickness  
Had my chance I missed it  
My life I didn't ask for it  
I don't know how to handle it  
So I'll be dead my tomorrow  
Think I'm joking?  
I don't  
Why is it so hard?  
Remind me how did this start?

I can't believe that you fucked him  
My self esteem was at nothing  
Ima keep it a g, I'm not fronting  
But I get to the check, so like fuck it?  
And all of your friends they, keep fronting  
Panicking in public  
Sipping on a potion  
Nodding to the sun  
But down here it's so cold though  
No one will help you if you claim you're so cutthroat

I'll ride by myself  
With a 45 by my side  
I'll do  
What the fuck is already done

This is  
A sickness  
Had my chance I missed it  
My life I didn't ask for it  
I don't know how to handle it  
So I'll be dead my tomorrow  
Think I'm joking?  
I don't  
Why is it so hard  
Remind me how did this start?
