

Do It Like Me

KenTheMan

(You can ask Bigg Cuz)

He ain't never linked up, fucked around fell in love with a girl like
me

Hooked like a drug, fuck around, OD

Say them other hoes ain't got it like me, been all around the world

He ain't never lucked up with a vibe on ten and a body so tea

Came to the H and he left with a P

Say them other hoes don't do it like me

Don't do it like me, can't do it like me

Don't do it like me, can't do it like me

Can't do it like me, can't do it like me

Don't do it like me, don't do it like me

Can't do it like- don't do it like me

Ain't somethin' that he used to

Ain't from the NO but the pussy like voodoo

Hit record, then we watch it like Hulu

He ain't had a bitch this bad like Juju

Ain't from the West, but he callin' me Bay

Got a peach, but I ain't from the A

I done got rich, I ain't never in the states

He say where you wanna go? I say, "IAH, bae, I don't play"

Met you last night and I love you today

Cut off my hoes, I put you in they place

Give you my time, I want you in my face

I want you in my space, I want you in my way

Love my mind my shape, you so fine, my taste

I'm a dime he save, come and swing my way

He ain't never linked up, fucked around fell in love with a girl like
me

Hooked like a drug, fuck around, OD

Say them other hoes ain't got it like me, been all around the world

He ain't never lucked up with a vibe on ten and a body so tea

Came to the H and he left with a P

Say them other hoes don't do it like me

Don't do it like me, can't do it like me

Don't do it like me, can't do it like me

Can't do it like me, can't do it like me

Don't do it like me, don't do it like me

Can't do it like- don't do it like me

Fuck around, OD

With a girl like me

Vibe on ten and her body so tea

Say them other hoes don't do it like-

Don't do it like me, can't do it like me

Can't do it like-

Don't do it like me, don't do it like me

Don't do it like me
