

For Me

KenTheMan

It ain't for everybody
I promise
Cactus (Yo, Chase B)

It be the booty for me, she a lil' cutie to me
She might not do it for you lil' nigga
But she finna do it for me
It be the tricks for me, it be the licks for me
Why y'all be fallin' in love with the ho?
It be the gifts for me
It be the body for me, she a lil' hottie to me
She might not let one of you niggas fuck
But she a lil' thottie for me
It be the blues for me, purses and shoes for me
It ain't no "I'm just tryna get to know ya"
What you gon' do for me?

I like a bitch with the bag, I like a bitch with them lips and the ass
I like a bitch that be doin' them tricks on my shit every time she be lettin'
' me smash, ayy
I like a bitch that be so baddie
That she do what I say like she robotic
And when I cut her off, it be no problems
If I fuck her, won't nobody know 'bout it
'Cause it be the face for me, the taste for me
Just put that pussy on a plate for me
The way she take pass out of state for me
And keep all that bullshit away from me
It be the freaks for me, the cheeks for me
The way that she talk when she speak to me
The way that her pussy look Easter pink
I be beatin' it up like bink, bink, bink

It be the booty for me, she a lil' cutie to me
She might not do it for you lil' nigga
But she finna do it for me
It be the tricks for me, it be the licks for me
Why y'all be fallin' in love with the ho?
It be the gifts for me
It be the body for me, she a lil' hottie to me
She might not let one of you niggas fuck
But she a lil' thottie for me
It be the blues for me, purses and shoes for me
It ain't no "I'm just tryna get to know ya"
What you gon' do for me?

It be the lips, talker, nigga right outta trill
I done gave him some of this wet shit
Got him thinkin' that it's all his (Yeah)
And it got that grip, I'ma pop, pop on it like a [?]
Then I'ma roll on it like the fours on it
Then drop it on him like a twelve (So that's why niggas can't leave me alone
)
It-it-it be the niggas that stiff and be runnin' the streets
Hard on a ho but a sucker for me
Claimin' that they don't be eatin' no pussy
But stay goin' under the buckle for me

The VVSS, want some pussy? Leave a good impression
Got his hoes mad, I'm his new obsession
Tell the fake pages
Eat the pussy messy, dramatic exit

It be the booty for me, she a lil' cutie to me
She might not do it for you lil' nigga
But she finna do it for me
It be the tricks for me, it be the licks for me
Why y'all be fallin' in love with the ho?
It be the gifts for me
It be the body for me, she a lil' hottie to me
She might not let one of you niggas fuck
But she a lil' thottie for me
It be the blues for me, purses and shoes for me
It ain't no "I'm just tryna get to know ya"
What you gon' do for me?
