KenTheMan

(You can ask Big Cuz)

Hey

Attitude nasty, thicky with a fatty  
I ain't met a nigga that was ever gettin' past me  
I should be in trouble, I'm a motherfuckin' baddie  
I'm these bitches' daddy, I treat these bitches badly  
Boy, give me that dick, I'm tryna ride it like a taxi  
Nigga lucky if he ever say he had me  
He like, "What you want?" I'm like, "For you to eat it backwards"  
He don't get the math, he don't get treated like a factor

I'm a very freaky bitch, I like very freaky shit  
Pussy really take your nigga like a very freaky pic  
I got really freaky pussy, I need really freaky dick  
And I keep the nine on me, so you gotta be the six  
He hate when I tell him I'm busy  
To free me, he know what to give me  
I'm cuter than all of his exes (True)  
That's why they be lookin' shitty  
Five-star suite when he fly me (Fly me)  
Truck blacked out when he get me (Get me)  
My niggas know how to come  
Or I give 'em love from a distance  
Rapper, but look like a vixen (Do)  
That's why these niggas be trippin'  
Bitch said what 'bout who? (Not me)  
Tell the lil' bitch mind her business (For real)  
Call me Big Boy Mami, I ain't even been to prison (Yeah)  
He ain't fuckin' with a dime, he know he fuckin' with a twenty  
No, it ain't that I ain't fuckin' with you, I just ain't that friendly  
Pulled up in a Bizzy, yeah, I really look like I get it  
He wanna fuck a superstar and I'm tryna fuck a million  
If you got that for me, then book it at the Four Seasons  
Bitches just be mad, then start hatin' on me, no reason  
Probably 'bout some nigga or it's probably just 'cause I'm breathin'  
Since bitches can't sit with me, they don't wanna see me eatin'  
Would swear these bitches in love how they keep talkin' 'bout me to they people  
Shout out to all my niggas, they been holdin' shit down  
Use one for the pack, use one for the rounds  
Ask where I wanna eat, I told him, "Somewhere out of town"  
Cream on it on tape, put it somewhere in the cloud  
Fuck him for a few days, then he don't see me for a while (Gone)  
Be playin' with the nigga head, now he want me in his mouth (Haha)  
I told him I am on the way, the pussy finna be en route  
We gon' have a little fun, a little, after that, I'm out  
Hey  
Niggas just don't wanna fuck, they want a wife  
Look at me, I am a lot of niggas' type (I know I am)  
Lot of niggas wish they had it in they life (Wish they did)  
Niggas love me 'cause I never treat 'em right  
  
And my attitude nasty, thicky with a fatty  
I ain't met a nigga that was ever gettin' past me
