(You can ask Bigg Cuz)

Vibe bad so he always coming back  
He love the way I'm lookin' and this pussy got that act  
Pretty-ass bitch, he wanna take me to the trap  
You know he probably want his niggas to be askin', "Who is that?"  
I ain't stuntin' 'em, these bitches do the most  
They be quick to talk about me, but be all under my posts, hey  
You actin' like a pussy, you get treated like a ho, hey  
And bitches only haters 'cause I got it and they don't  
Had to call my hoes up, told 'em it was payday  
They call me Pimpin' Ken and they don't say that shit for play-play  
Niggas choosin' up, but I'm too busy for a playdate  
You can't even reach a bitch like me if you don't compensate  
I can't argue with no bitch stay where her mama stay  
We don't fuck the same niggas, they can't get the time of day  
Ho, you is a rat bitch, you know I am that bitch  
I be pullin' up, ain't never been a tit-for-tat bitch

You got some money, then give me that  
Got a new ho, we trickin' that  
I'm in my act all summer  
Pussy ain't free, I ain't feelin' that  
Cash App, send me that  
You got a Zelle, send me that  
Breakin' these hoes all summer  
Hit a lick on a ho while he lickin' that

I got him in love and we just met  
I told him I don't give a fuck yet  
He still runnin' them blue hundreds  
I ain't even lettin' him fuck yet  
I done came up, bitches upset  
I ain't even all the way up yet  
Since these hoes on my dick  
I'm tryna see who can suck best  
You know that I been on my pimp shit  
What you thinkin' I paid for the Benz with?  
Hoes stay talkin' that cash shit  
But really a do-what-they-can bitch  
Fake page, really some fan bitches  
Really some love-who-I-am bitches  
Hoes don't follow, but still watchin'  
Where the drums? 'Cause I'm finna ban bitches

You got some money, then give me that  
Got a new ho, we trickin' that  
I'm in my act all summer  
Pussy ain't free, I ain't feelin' that  
Cash App, send me that  
You got a Zelle, send me that  
Breakin' these hoes all summer  
Hit a lick on a ho while he lickin' that

They stay talkin' down on me and I can't understand it  
Comin' as a woman, steady askin' where they mans at  
Been stayin' out the way, but bitter bitches couldn't stand that

They tryna look just like me, had to tell 'em we ain't playin' that  
Braggin' 'bout that nigga, fuck around and get him took from you  
When you at the top, of course it's bitches gonna look to you  
It's a lot of game, I had to write a couple books for you  
Killin' these hoes, now your people gotta look for you

Ayy

Ken the motherfuckin' Man, nigga

Yeah
