Talk

Kenya Grace

I can't stand to talk no more, you know this conversation's borin'
What is all this even for? You know I'm halfway out the doorway
Caught up on that thing, they call it settling
I call it ignorant that we have nothing

I can't stand to talk no more, you know this conversation's borin'
(I can't stand to talk no more, you know this conversation's borin')

We been talkin' 'bout the same shit [?] for the longest time
I swear I'm gettin' fed up
We been talkin' 'bout the same shit [?] for the longest time
I swear I'm gettin' fed up

I don't wanna talk, no, talk
I don't wanna talk, no, talk
(Talk, no, talk)

All you do is chat 'bout you I swear I might as well not be here
And you only call me when you're only blue
And you don't care 'bout [?]

I'm so done with this, I'm not your therapist
And you're a narcissist, a game you can't resist
All you do is chat 'bout you I swear I might as well not be here

We been talkin' 'bout the same shit [?] for the longest time
I swear I'm gettin' fed up
We been talkin' 'bout the same shit [?] for the longest time
I swear I'm gettin' fed up

I don't wanna talk, no, talk
I don't wanna talk, no, talk

Do you get a kick out of it? Layin' your problems on my chest
So hard I cannot catch my breath
Can you just lay off it? You're not blind I know you see that you are
 suffocatin' me

We been talkin' 'bout the same shit [?] for the longest time
I swear I'm gettin' fed up
We been talkin' 'bout the same shit [?] for the longest time
I swear I'm gettin' fed up

I don't wanna talk, (don't talk to me no more)
Talk, don't talk to me no more
I don't wanna talk, (don't talk to me no more)
No no, talk (talk, no, talk)
