

How Does It Feel

Keri Hilson

Put your hands up in the sky and wave (and wave) (2x)
Come on and two step (two step) (6x)

Keri. Talk.

I'm startin' to think I need space
Now everytime I go out you all in my face
Soon as I hit the door, why you gotta be actin' so insecure?
Where I been? Who I was with?
Boy you stressin' me out with this (watch this)

Our relationship was supposed to revolve around trust, right?
But let's take it back a few months, like
What about the other chick that you was kickin' it with
Man, I'm gettin' sick of it
Damn it, it's a shame, a sin
You about to get a dose of your medicine
You couldn't even handle me
If the shoe was on the other foot now

So what you gonna do when I don't give you that last chance?
And how you gonna act when you see me in the back with a new man?
And what's it gonna be when you could see me and him holdin' hands?
I bet you'd give a damn then

You could keep on feelin' yourself, I'm a be with somebody else
Gotta keep it real with yourself, before you end up by yourself (2x)

How does it feel?

Now you threatin' to leave me so, but, ordinarily I would be biting my tongue,
but, you couldn't picture me gone thought I be sittin at home, while you was
doing me wrong

You know it's messin with my head, thoughts of her up in my bed
And if I did what you did to me? How would it be?
If the shoe was on the other foot now?

I could wear all up, take a ? around, but I got class
So what you gonna do when I pimp out I've got a new romance

Then what you have, turns in to what you had
I bet you'd give a damn then

You could keep on feelin' yourself, I'm a be with somebody else
Gotta keep it real with yourself, before you end up by yourself (2x)

Baby, do you know what I gone through?
Sittin' up waiting for you? If that was you, you'd be gone, baby you're slippin' on me

You could keep on feelin' yourself, I'm a be with somebody else
Gotta keep it real with yourself, before you end up by yourself (2x)

You would find out how it feels (feels)
Tiskeno z písničky-akordy.cz
Oh, how does it feel? (4x)
