

Bullet

Kerli

If it ever would come to it
Baby, I'll take that bullet
(Bullet, bullet, bullet...)
(Baby, I'll take that bullet)

Under the gun, under the gun
How can you be so strong
How many times did I save you?
Under the gun, under the gun
I've held on so long
How many times did I catch you?

Deny, hide, try, fight
I'll go down for you
And if I ever have to do it
Baby, I'll take that bullet
Deny, hide, try, fight
Boy, you know it's true
If it ever would come to it
Baby, I'll take that bullet

I'm on the run, I'm on the run
Though I'm innocent
How many times did you frame me?
I'm on the run, I'm on the run
When I did no wrong
How many times did you chain me?

Deny, hide, try, fight
I'll go down for you
And if I ever have to do it
Baby, I'll take that bullet
Deny, hide, try, fight
Boy, you know it's true
If it ever would come to it
Baby, I'll take that bullet

Take my life if it saves yours
Bullet, bullet
Take my life if it saves yours
Bullet, bullet, bullet, bullet, bullet
Take my life if it saves yours
Bullet, bullet

Deny, hide, try, fight
I'll go down for you
And if I ever have to do it
Baby, I'll take that bullet
Deny, hide, try, fight
Boy, you know it's true
If it ever would come to it
Baby, I'll take that bullet

(Bullet, bullet, bullet...)
