

Diamond Hard

Kerli

Your rolling me in gravel
I'll leave without a scratch
You throwing rocks at my wayBut I just won't react
The less I see the sun
The brighter I'll become
Outnumbered and outgunned
That's were I'm shining at
My skin is soft like velvet but my nails are razor sharp
My scent is sweet like honey but I am Diamond Hard
My ways they cut through plastic
Rust free my golden heart
This sh; t is so bombastic
yet I am Diamond Hard
Unbreakable unbreakable unbreakable
Unbreakable unbreakable unbreakable
Heart
I am Diamond Hard
Unbreakable unbreakable unbreakable
Unbreakable unbreakable unbreakable
Heart
I am Diamond Hard
I am Diamond Hard
Push comes to shove

I'll revel rising under attack
When no one betting on me is when I'll own the track
The less I see the sun
the brighter I'll become
I'm fast and stop when I run
with knives stuck in my back
My skin is soft like velvet but my nails are razor sharp
My scent is sweet like honey but I am Diamond Hard
My ways they cut through plastic
Rust free my golden heart
This sh; t is so bombastic
Yet I am Diamond Hard
Unbreakable unbreakable unbreakable
Unbreakable unbreakable unbreakable
Heart
I am Diamond Hard
Unbreakable unbreakable unbreakable
Unbreakable unbreakable unbreakable
Heart
I am Diamond Hard
I am Diamond Hard
I am Diamond Hard
