

# Immortal

Kerli

When I was little  
I used to walk across the streets with my eyes closed  
To see if God existed and I never got hit

I danced along the edges of the rooftop  
To see if I would fall  
And I never did

And for a moment  
I feel immortal  
And I am not scared, I am not scared

I feel immortal  
'Cause I know you were there  
'Cause I know you are there

No one around me  
Believed in anything so how could I  
Expect them to believe in just a girl

I'd cry myself to sleep inside my bedroom  
And swear I'd never let them crush my world

And for a moment  
I feel immortal  
And I am not scared, I am not scared

I feel immortal  
'Cause I know you were there  
'Cause I know you are there

I felt like a flower  
Trying to grow from the pavement  
They would walk all over me

I felt like a snowflake  
In the middle of the desert  
Wishing I'd melt so I could be free

I feel immortal  
And I am not scared, no I am not scared

I feel immortal  
'Cause I know you were there  
'Cause I know you are there

I am not scared
