

Speed Limit

Kerli

Oh, what a ride, I want to make you mine
Spending all my time in the waiting line
Oh, what a ride, my navigation died
And for every green light there's a warning sign

You're like a speed limit, like a bump on the road
Like a 5 o'clock traffic on a highway
You're like a speed limit, like a bump on the road
Like a 5 o'clock traffic on a Friday

I know where I wanna go but the road seems to be curvy
Speed up, slow down, get away, come around, no stopping, no turning
I'm sick of all my CDs but the radio is playing Kerli
I do know where I'll end up, I won't let this get me down

Oh, what a ride, I want to make you mine
Spending all my time on the waiting line
Oh, what a ride, my navigation lied
And for every green light there's a warning sign

You're like a speed limit, like a bump on the road
Like the 5 o'clock traffic on a highway
You're like a speed limit, like a bump on the road
Like the 5 o'clock traffic on a Friday

Speed up, get ahead, no passing on red
Show me the finger, baby
Blind spot, too hot, freeway's like a parking lot
Please stop driving me crazy

Hate me, break me, rear mirror, lights on
This is about to get hazy
Feel's like time is passing me by while I am standing still

Oh, what a ride, I want to make you mine
Spending all my time on the waiting line
Oh, what a ride, my navigation lied
And for every green light there's a warning sign

You're like a speed limit, like a bump on the road
Like the 5 o'clock traffic on a highway
You're like a speed limit, like a bump on the road
Like the 5 o'clock traffic on a Friday

(Speed limit)
Can't get through to you
(Speed limit)
I can't get through to you
(You're like a speed limit)
I can't get through to you
(You're like a speed limit)
I can't get through to you

You're like a speed limit, like a bump on the road
Like the 5 o'clock traffic on a highway
(I can't get through to you)
You're like a speed limit, like a bump on the road

Like the 5 o'clock traffic on a Friday
(I can't get through to you)

You're like a speed limit, like a bump on the road
Like the 5 o'clock traffic on a highway
(I can't get through to you)
You're like a speed limit, like a bump on the road
Like the 5 o'clock traffic on a Friday
