You should never leave me home alone Heaven knows where I might wanna go Everything I do is oh so wrong That's why you like it

When you ask if you could be my man I say, thank you honey, come again

Strange boy Innocent You're here Magnificent Strange boy Innocent You're here Magnificent (Magnificent)

Should have told you 'bout the way I choose Everything that we are going through Just how you like it

Strange boy Innocent You're here Magnificent Strange boy Innocent You're here Magnificent

Baby don't you realize
I'm not another foolish sacrifice
Oh no, no, no
You're waiting for the world to pass you by
Living in a state of compromise
No, no, no, no
No, no, no

Innocent
You're here
Magnificent
Strange boy
Innocent
You're here
Magnificent

Strange boy
