

Intro Bonito

Kero Kero Bonito

The perfect moment in history

Hey, you, take your headphones off
Toss your phone cause the beat is on
Dancing's better when you're with someone
But I guess you wouldn't know it if you're home alone
Kero Kero Bonito in the place
Bonito on the mic, Kero's on the bass
Hitting you with the international ☐☐ sound
That will make the world get down
