

Small Town

Kero Kero Bonito

Small town, what to get around
Everybody's safe and sound
'Cause the action's happening somewhere else
There are a few shops
One that sells lots
Special supermarket deals
Can be quite fun
If there's nothing else to do

And I would like to fly away
Around here everybody knows my name (You're Sarah)
And they all think I am so strange
Because I don't look quite the same

The bus doesn't come much
Never on holidays
And the station's several miles out
So we all stay in drinking cups of tea
Watching T.V. until it's lights out

And I would like to fly away
Around here everybody knows my name
And they all think I am so strange
Because I don't look quite the same

And I would like to fly away
Around here everybody knows my name
And they all think I am so strange
Because I don't look quite the same
Because I don't look quite the same
Because I don't look quite the same
