

Life in the Name

Kerrie Roberts

We don't have to worry, we don't have to wander
We're not in this on our own
Even in our struggle, we don't have to tremble
We know where to find our hope

There's home, there's heart
We remember who we are
There's life in the Name
Life in the Name
We're free to fly
No fear of earth or sky
There's life in the Name
Life in the Name
Of Jesus, Jesus

We don't hide in shadows, in His light we follow
All the colors of His love
His power is our passion, His glory is our mission
His goodness is for all of us

There's home, there's heart
We remember who we are
There's life in the Name
Life in the Name
We're free to fly
No fear of earth or sky
There's life in the Name
Life in the Name
Of Jesus (There is none above Him)
Jesus (Oh how we love Him)
Jesus
There's life in the Name
