

# Big Dreams

Kerser

A young lad and hes searching for that cash right  
Cause he ain't really had much growing up and thats why  
He got his eyes on the stars he got big dreams  
He started writing raps around the age of sixteen  
His friends would trip man, they telling him he got skill  
And if he didn't rap he'd be known just to pop pills  
He keeps beefing with cops, man his rappings are shit  
A young cunt catch a charge, cop a slap on the wrist  
He moves along, meets his misses at eighteen  
He buggin out he just wishes he'd stay clean  
They joke about it 'magine if he bought a wedding ring  
He didn't know it but she stays with him through everything  
He got a cool brothers trying to discover  
Why you'd never trust a snake, man they'd die for each other  
So his life's still kicking it, I swear the kid lives rap  
Taking every opportunity, no time to sit back  
No money in the bank so he gets to the breaks  
No doing it to rap, its to get off his face  
Whats more important man his visions distorted  
And there isn't a warning he just leaves without caution  
He drops a tape now he kinda got a local buzz  
A couple heads in the scene check he knows whats up  
Some enemies changed, they wanna be mates  
But his eyes on the dream, he ain't dealing with fakes nah  
He meets the scene and gathers most the cunts are fake as  
Makes his own path while his older brother makes tracks  
He steps to battles man hes serving em up  
And he ain't even fucking notice cause hes swerving on drugs  
But his buzz getting bigger, labels turn and ignore  
But that ain't gonna keep him down cause hes burning for sure  
At a show hes selling tapes gives out one for free  
The best choice he ever made cause the cunt got beats  
And at the time he didn't know it but his chances of failure  
Dropped cause hes with one of the best in Australia  
When it comes to making beats so the lad is excited  
Fan base on the rise and the rappings are tightest  
He got his sound and the album was lethal  
Got a different reaction out of some of his people  
From fans to mates, say hes not the same  
But the last 7 years feel like a couple of days  
Go get fucked that hes changed,  
Man he knows who he is  
A couple beats flipped now you gonna say hes a bitch  
But he doesn't really  
Care,  
Cause the fans are screaming yeah  
And the lights in his eyes feels like a dream there  
The main plan is officially in motion  
Any second now he sees his dream and hes approaching  
And they say they know him, well I double please  
If you fucking knew me you would know this is about me

[Outro]

Every cunt saying they know everything  
Had to break it down for yas, now talk the shit  
Kerser, we out
