Kerser

Forever in my mind, only you  
The pieces in my life, go away with you  
Forever in my mind, only you  
The pieces in my life, run away with you  
Forever in my...

They all the same they just lame with their bullshit  
It's kinda sad cause you trust 'em but they drool shit  
Enough to make me wanna fucking turn my mic off  
And go back to being poor at 16 and never write songs  
Cause back then I ain't have all these eyes judging  
I was hanging on the street, getting searched for nothing  
And they spin out cause I'm on a track like "Fuck 'em"  
Like I will forget my past and what they did? Nah ain't like none of 'em  
Fuck the 5-0, I'm lighting hydro  
You can tell me about the bisso but what I know  
Cause on the street there ain't none of this industry  
Until I brang it to the industry like this is me  
Respect me for that, it's all I really ask for  
And we be getting raided by a fucking task force  
For years now they went and locked my mates up  
My money clean but they still won't go away fuck!

Forever in my mind, only you  
The pieces in my life, go away with you  
Forever in my mind, only you  
The pieces in my life, run away with you  
Forever in my...

Nothing changed but my attitude man  
Make cash when I had a new plan  
Kids looking up to me, what the fuck am I meant to say?  
It's not as hard as it was for me  
They shut the door but I kicked it in, I come for more  
They knock you down you won't get help  
Rise to the top tell 'em fuck yourself  
Cause they gonna hate you when you poor as shit  
They look, they laugh, ignore your shit  
And you gonna feel down you'll wanna quit  
But you gotta fucking fight if you want the shit  
And you're at the top it's not as sick as you pictured it what's wrong with  
This  
Why people turn my mates have changed  
Why you thinking shit would stay the same  
Stupid man I'm trying to guide the next Kerser  
But I'm a tryna hide from all the shit that comes with rap  
Back on the street with a baggy dacked  
Cause the fame ain't sunk in yet (the fame ain't sunk in yet)  
In a brand new car I think the fame has fucked my head  
But gotta keep control and run this shit  
100k another 100 flip  
Ever doubt me you can suck my dick  
I ain't even know what a budget is  
Fuck the scene, have your hip-hop  
Skitsing out you got me pissed off  
Ain't no love my heart is switched off  
Got my back well fuck I guess not

Forever in my mind, only you  
The pieces in my life, go away with you  
Forever in my mind, only you  
The pieces in my life, run away with you  
Forever in my...
