

# Highest Man

Kerser

I've been around, I seen the streets, I seen a lot of shit  
I seen my old enemies the cunts are on my dick  
The world changed I ain't just better on mics  
If we comparing me and you I'm just better at life  
I got time for my friends, fam and my fucking fans man  
Cutting both your arms off asking you to do a handstand  
I'm the man damn blood spot I'm van dan in the dam bam pass you  
house it goes bam bam  
Try me man I'm higher than the highest higher man I'm higher th  
en the highest of the highest highest I'll stand  
Understand I stacking notes with a rubber band  
Is enough to turn the K-r-s to an ugly man  
You ain't wanna meet me when I'm freaking, peaking tweaking abo  
ut to sneak into your parents house a lesson I'm a teach em  
You ask around you ask em now I ain't afraid you bitches  
Kerser is the sickest Ker, Ker Kerser is the sickest  
Who the man, I'm the man and they know this  
If they say they didn't they just act like they ain't notice  
Bro quick they on the edge of their seat  
They can't handle when the Kerser comes to rep on the beat  
I'm at the end of your street  
Cause you pretending to be  
A bad cunt cause you went and sold a tenna of weed?  
At the center is me
