

The Reminder

Kerser

[Verse 1]

Blunt jam packed rolled by a bad bitch
She celebrating that I made it, I'mma have this
I slept way past the time that I intended
Its my day job lad, just rhyme in every sentence
From Emphasine, Codeine in a boost cup
Sipping on it fast while I tell you I don't do drugs
Lean back relax and yet I light this
She said shes not a slut but you should see the bitch with my dick
I'm a god, I'm a world, I'm a sunshine
She a bitch, she a girl, she ain't touch my
Money or my wallet or my phone don't call me on it, now thats me just being
honest plus your friend thinks I'mma chop her
If I didn't rap would you still be in your panties now
I play you 'Do The Kers' but you gotta pull them panties down
Fuckin slut, yeah you making this too easy
Believe me, I'm leaving,
Now please enjoy your evening, goodbye

[Hook]

You didn't learn, nah your needing a reminder
I ain't love you once, I told you this while I'm inside ya
While I'm inside ya, while I'm inside ya
Your just a ho I ain't ever here to help ya
Grab your shit and go cause I really wanna belt ya
Really wanna belt ya, really wanna belt ya

[Verse 2]

Ring my phone back, what you do that for
Hung up straight away, cause she went and called me beautiful
She got the wrong idea, I ain't here to hug and kiss
I came to sip your booze and if theres time okay you suck my dick
It ain't a fucking trick, its honest and its down to life
I hate your name, but you fucking love the sound of mine
Kerser with a K, yeah you love it, its insane
If they call me Scott today, should we walk another way
Thats why I treat em all like shit
If they fiending for my dick
No respect for a ho, groupie clear the way and split
We ain't gonna be a couple, go find your dream man
And when your with him, tell him that I already been there
I know it don't seem fair, you thinking I'm mean yeah
Well how about we change the subject go and just clean there
I'mma leave you with a fucking bruise
A reminder, like you know who you've been fucking true?

[Hook]

[Outro]

Yeah, and thats just being honest
So you can fucking hate me for it
But the bottom line,
If you didn't see me on that stage
Or on that video clip
You wouldn't be following me everywhere chasing dick
Thats why I treat you like shit
