

Tryin'

Kerser

Ayo
One thing you can't stop doing
In this life is tryin'
'Cause you know
Pretty much without tryin'
You dyin'

That's why we tryin'
Yeah, we tryin'
Yeah, we tryin' for it all
Even if we slip and fall
Gotta get it from the floor
Gotta get it
Need it all
We still tryin'
Yeah, they tryin'
Yeah, we tryin'
Tryin' for it all
Even if we slip and fall
We still tryin'

Shit is not a game
I heard they just got sprayed
Heard it's over something stupid
And to do with pay
This system had us trapped
They marked us on the map
Then they wonder why the area got flooded by the crack
But there's some that made it through
Some that may be [?]
Some that seen the crime
And made a way out through that tube
But it's usually a dead-end
Your 5-8 is your best friend
Your girl need your protection incase they use her as a weapon
Fuck, the streets are grimy
That's why I stick to rapping
I'm in this for the music
Off the street, don't care what happened
Single mums are struggling
Their kids got stomachs rumbling
And she just tryna make it through
Before the job she juggling

She tryin'
Yeah, we tryin'
Yeah, we tryin' for it all
Even if we slip and fall
Gotta get it from the floor
Gotta get it
Need it all
We still tryin'
Yeah, they tryin'
Yeah, we tryin'
Tryin' for it all
Even if we slip and fall
We still tryin'

Met your order, fight through
They never gonna like you
They want you behind bars
And not have anyone to write to
Fuck it, make the right moves
Everyone get lonely, man
If you're a one and only
Why she poppin' puss' on OnlyFans
And people trip me out
I gotta fuckin' owe 'em something
I ain't owe nobody nothing
Everybody needs a "Fuck it"
It's a crazy game we play
My mate just lost his mum
And they took away his son
Like other [?] on the run
It's a fuckin' same old story
Since before the fame and glory
They wanting all the love
But who gon' take all this pain for me
Put the pieces back on instrumentals, for my mental
If I'm mental, then we'll settle
But my full state's to the pedal

'Cause we tryin'
Yeah, we tryin'
Yeah, we tryin' for it all
Even if we slip and fall
Gotta get it from the floor
Gotta get it
Need it all
We still tryin'
Yeah, they tryin'
Yeah, we tryin'
Tryin' for it all
Even if we slip and fall
We still tryin'

Yeah, we tryin'
