

Dance Attack

Ke\$ha

Here I am, revolution's here
Take the bombs from the war and put 'em on the dance floor
Here I go, kickin' down your door
Tell your daddy how it is, the page is turnin' kids
There you go, liberate your soul
The only fight tonight is a party for your ride
The only fight tonight is a party for your ride

Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Do you know, you know how to let it go?
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Can you, can you show me how you let it go?

This is it, time to start some shit
Fists to the sky, let's hear your battle cry
When's the time? C'mon, let's go tonight
Shake it up, shake it up, but just can't get enough
Here we are, where you at?
Join the dance attack
Feel the beat, don't hold back, get up off your ass
Get up off your ass

Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Do you know, you know how to let it go?
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Can you, can you show me how you let it go?

I, I wanna hit it
I, I wanna see it
I, I wanna taste it
I, I wanna be it

Let it, let it, let it, let it, let it go
Let it, let it, let it, let it (make me believe you)
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it go, go, go
Let it, let it, let it, let it, let it, go
Let it, let it, let it, let it let it, go
Let it, let it, let it, let it, let it go
Do you know, you know how to let it go?
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
Let it, let it, let it, let it, let it go
