

Lost Weekend

Ke\$ha

Party time
Go on, go on
Come on, come on

Party time everyday
Kill the lights, celebrate
Locked and loaded, loaded, loaded
Loaded on life

DJ killing it
We're loosing it like we care
Locked and loaded, loaded, loaded
Loaded on life

We want to watch the sun come up
And I want to taste your magic tongue...la la la

Lost weekend...weekend la la la
Lost weekend...weekend la la la
Let's get twisted with our friends...la la la
Lost weekend...weekend la la la

Glitter and making out
Bubble gum in my mouth
Locked and loaded, loaded, loaded
Loaded on love

Out of mind in the end
We're animals in the end
'Cause we're loaded, loaded, loaded
Loaded on love

We want to watch the sun come up
And I want to taste your magic tongue...la la la

Lost weekend...weekend la la la
Lost weekend...weekend la la la
Let's get twisted with our friends...la la la
Lost weekend...weekend la la la

Breaking into parties
Waking up in bathtubs
Bottles in my backpack
Fuck the silly nightclub

Groping all the rockstars
Living up, party on
Because too much, too much
Is never ever enough glitter

La la la

Lost weekend...weekend la la la
Lost weekend...weekend la la la
Let's get twisted with our friends...la la la
Lost weekend...weekend la la la

Lost weekend...weekend la la la
Lost weekend...weekend la la la
Let's get twisted with our friends...la la la
Lost weekend...weekend la la la

Oh oh oh ready to go
Oh oh oh ready to go
Oh oh oh do it again
Oh oh oh sweet thing

Oh oh oh ready to go
Oh oh oh ready to go
Oh oh oh do it gain
Oh oh oh sweet thing
