

Summer

Ke\$ha

I haven't seen you since the summer
But you feel just like I remember

Time just blows, how about we rewind slow-mo
I could really use one of those nights till the sunrise
On that high life, when nobody could bring us down
I'm so alive, jumping fences, and cutting lines
I really meant it then, that one moment, I was hopeless
Mama said it'd take a boy like you to tie me down

When I'm with you I wanna do all kinds of stupid shit
Just for the night let's make some memories that we might regret
Oh oh oh, I'll never forget you, oh oh oh

I haven't you seen since the summer
I guess I missed you or whatever
It's been a long a time since that summer
But you feel just like I remember

The stars fill the skies
Take it into my teared filled eyes, fuckin' beautiful
We both felt it, crushed like velvet
Call me selfish but I really hope that you miss your flight

When I'm with you I feel like a teenager, we dynamite
It's dangerous but beautiful, ain't that the point of life?
Oh oh oh, I'll never forget you, oh oh oh

I haven't you seen since the summer
I guess I missed you or whatever
It's been a long a time since that summer
But you feel just like I remember

Every time I feel the spirit
I remember, we were fearless
Every time I feel the spirit
Feel the spirit, feel the spirit

Every time I feel the spirit
I remember, we were fearless
Every time I feel the spirit
Feel the spirit, feel the spirit

(One of those nights)
I'm just having one of those nights
Thinking back to one of those nights
(One of those nights)
I'll remember you for the rest of my life
I'm just having one of those nights

Having one of those nights
One of those nights, yeah
One of those nights
