

as long as it takes you

Keshi

Baby, I'll be waiting here for
You to change your mind
I'll be here as long as it takes you
Baby, I'll be waiting here for
You to change your mind
I'll be here as long as it takes you

So this is it?
I never thought that you would
Take your things and leave
I must admit I've been a mess since then
I need you here with me

Baby, I'll be waiting here for
You to change your mind
I'll be here as long as it takes you
Baby, I'll be waiting here for
You to change your mind
I'll be here as long as it takes you

Day by day, it's all the same
Baby, won't you call my name
Day by day, it's all the same
Baby, won't you call my name

Baby, I'll be waiting here for
You to change your mind
I'll be here as long as it takes you
Baby, I'll be waiting here for
You to change your mind
I'll be here as long as it takes you
