

bandaids

Keshi

You should have told me
I don't know what to say
Why are you sorry
How did it get this way

My heart is broken
Down to my core
It's not what I wanted
I don't know what I want anymore

I'm afraid
That bandaids
Are no good
For heartache
Not okay
So tell me
When your world is falling down

Afraid of falling down
But fire has started right behind me
And if I don't jump now
I fear that I can't take the burning
I can't hear a sound
Nothing that I say can hurt me
Dive into the ground
I fear that I can't take the burning

I'm afraid
That bandaids
Are no good
For heartache
Not okay
So tell me
When your world is falling down

Friends of flowers
Fragile silence
Stand beside you
Stop your crying

I'm afraid
That bandaids
Are no good
For heartache
Not okay
So tell me
When your world is falling down
