

Requiem

Keshi

(Yeah)

The sun and the moon
They just won't stop for you
Dancing around like nothing changed
I try not to move
A fight I always lose
Time always seems to find a way

Oh, it's not the same
I miss you everyday
Still some things I wish I told ya
Can't you stay
Why'd you go away
Hope that we can do it over

Ooooo
Ooooo

I cried and I begged
Take someone else instead
Not that he listens anyway
Stairs I can't tread
So you go on ahead
Oh, I know you won't mind the wait

Oh, it's not the same
I miss you everyday
Still some things I wish I told ya
Can't you stay
Why'd you go away
Hope that we can do it over
