

**us**

**Keshi**

Tell me now  
Is that the sound  
Of all that we were building  
Crashing down  
All around us  
And we never saw it coming

Maybe we never make it through  
Say that you give another you  
Well I won't take it  
Or maybe I will  
'Cause you never know until you do  
If I had to guess I think it's you  
So if I fake it  
Would it be true

Maybe we've been  
A little too caught up  
In things that don't matter  
As much as we thought  
Maybe we've been  
A little too guarded  
From things that have hurt us  
A bit more than we thought

Nothing more  
Than love and war  
But no one knows the difference  
All or none  
Call to tell me that  
I'm not the one you wanted

Maybe we never make it through  
Say that you give another you  
Well I won't take it  
Maybe I will  
'Cause you never know until you do  
If I had to guess I think it's you  
So if I fake it  
Would it be true

Maybe we've been  
A little too caught up  
In things that don't matter  
As much as we thought  
Maybe we've been  
A little too guarded  
From things that have hurt us  
A bit more than we thought

Ups and downs  
Going steady when you're not around  
Go figure  
Tell me now  
Is that the sound of us?
