Tell me a story, I don't know
Then act like you love me and don't let me go
I hate these feelings I have when I'm home
Just let me go, on the road
Drugs up on me, moving slow
Just let me go, on the road
Drugs up on me, moving slow
I need a text back, but that's just way too much for you
I want my heart back, you know all the shit I been through
Just let me go, on the road
Drugs up on me, moving slow
Just let me go, on the road
Drugs up on me, moving slow

No, I can't make it up to you
You broke my heart, I broke yours too
And every time I made you cry
I never meant to, but it's fine
We in the club so fucked up
Bitch, I'll never sober up
Pop a Perc, don't give no fucks
Time goes slow but heart beats fast
Now we balling
We go up, you're falling off
Abuse meds, don't give no fucks
Molly water in my cup

No, it'd be better if you weren't fucking around with my life
No, it'd be better if you weren't claiming everything was fine
I hate myself, and you're the only one to blame, I wanna die
I keep this Glock up on my waist, might fuck around and end my life

Tell me a story, I don't know
Then act like you love me and don't let me go
I hate these feelings I have when I'm home
Just let me go, on the road
Drugs up on me, moving slow
Just let me go, on the road
Drugs up on me, moving slow
I need a text back, but that's just way too much for you
I want my heart back, you know all the shit I been through
Just let me go, on the road
Drugs up on me, moving slow
Just let me go, on the road
Drugs up on me, moving slow

In the club, we so fucked up
In the club, never stop

In the club so fucked up
Bitch, I'll never sober up
Pop a Perc, don't give no fucks
Time goes slow but heart beats fast
Now we balling

We go up, you're falling off
