

T-T-Taking hella drugs, all these fuckers want my clout  
I'm so emo, oh my God, think she wants me, what the fuck  
Spent a thousand just for fun, all these hoes they fucking mad  
They keep talking, that's so sad, watch my money multiply

Ay ay ay, this bitch gives me butterflies  
Fucking with this thot, almost all the fucking night  
Ay ay ay, at my crib we having fun  
Smoking many blunts, with my shawty being loud  
Ay ay ay, this bitch gives me butterflies

Locked in my room, 'cause I'm mentally unstable  
All black sinner, but a mother fuckin' angel  
Looking in your eyes, fucking bitch it is so painful  
Blades all on my bed, with my blood all on the table  
Bitch to my side, I've been dripping red wine  
And that bitch wanna submit to me, just like a fuckin' bride  
I'm so hurt I can't lie, but I cannot fuckin' cry  
All the shit you done to me, I don't know how I am alive  
Overthinking way too much, I wanna get high  
You keep stabbing me slowly when I keep looking in your eyes  
I'm a mother fuckin' angel, you can see me in the sky  
I got blood all on my hands like it's fuckin' hair dye
