

ENOUGH

kets4eki

Why can I never be enough? (Be enough)
I'm not enough (Not enough)
I feel so stuck (So stu-u-uck)
And all I've heard was a couple lies (Couple lies)
I've had enough (Had enough)
So baby can you tell me?
Why can I never be enough? (Be enough)
I'm not enough (Not enough)
I feel so stuck (So stu-u-uck)
And all I've heard was a couple lies (Couple lies)
I've had enough (Had enough)
So baby can you tell me? (Tell me)

I swear you wouldn't get it
Can't sleep, I'm way too damaged
Can't sleep, I'm feeling manic
I feel it under my skin
With everybody staring
It's getting hard to manage
With everybody staring
How could you take advantage?
Girl I've been on you so long
How'd you do this to me? (I've been on you so long, how'd you do this to me?)
Swear I've been on you so long
How'd you do this to me? (I've been on you so long, how'd you do this to me?)
Tell me why-y-y-y? (Everybody swear they love me till I'm not around)
Tell me why-y-y-
y? (I'll take these pills to my head, won't ever come down)

Why can I never be enough? (Be enough)
I'm not enough (Not enough)
I feel so stuck (So stu-u-uck)
And all I've heard was a couple lies (Couple lies)
I've had enough (Had enough)
So baby can you tell me?
Why can I never be enough? (Be enough)
I'm not enough (Not enough)
I feel so stuck (So stu-u-uck)
And all I've heard was a couple lies (Couple lies)
I've had enough (Had enough)
So baby can you tell me?

Tell me why-y-y-y?
Tell me why-y-y-y?
