Marry me Pröz

Poppin' mollies, every single day  
Party's full of lames, seven tabs right to my face  
Keep on dancing, fuck her every day  
Putting fuckin' Percs inside of my Gatorade  
Poppin' mollies, every single day  
Party's full of lames, seven tabs right to my face  
Keep on dancing, fuck her every day  
Putting fuckin' Percs inside of my Gatorade

I just popped a molly in the back of the Benz truck  
Baby I'm a sinner, you can tell by my wrists yeah  
I'ma do my thing, I'ma leave these bitches pissed yeah  
Steppin' out the function, asking for a picture  
And get it right back, and do it again  
I'm livin' like that  
Hook up a chick, and get it right back, and do it again  
I'm livin' like that

Candy flippin' like every single day  
When I'm at the rave, I'ma dance the night away  
Keep on ravin', keep that baby topped  
Yeah, we in the club, and we fucking turn it up  
Candy flippin' like every single day  
When I'm at the rave, I'ma dance the night away  
Keep on ravin', keep that baby topped  
Yeah, we in the club, and we fucking turn it up

Come dance with me, I'll take your breath away  
Got all that swag, all the money for days  
I am obsessed, drippy and fresh  
You are so fine, let's go to the rave babe  
Come dance with me, I'll take your breath away  
Got all that swag, all the money for days  
I am obsessed, drippy and fresh  
You are so fine, let's go to the rave babe

I just want to take you to my room  
Kiss up on your face, I shouldn't let it fuck with you  
Let's go pop some Percies in my room  
The haters gonna hate, but I'm still in love with you

Poppin' tabs like every single day  
The acid got me tweaked, storms are really brewing today  
I just want to fucking fall asleep, with this music in my head  
Come do drugs and dance with me  
Poppin' mollies, every single day  
Party's full of lames, seven tabs right to my face  
Keep on dancing, fuck her every day  
Putting fuckin' Percs inside of my Gatorade  
Poppin' mollies, every single day  
Party's full of lames, seven tabs right to my face  
Keep on dancing, fuck her every day  
Putting fuckin' Percs inside of my Gatorade
